1. INTRODUCTION

Purpose of the LDS

Local planning authorities are required to prepare and maintain a Local Development Scheme (LDS) under the Planning and Compulsory Purchase Act 2004.

The purpose of the LDS is to set out the plans and policy documents that will be prepared by the London Borough of Havering and a timetable for their delivery.

This LDS replaces the most recent Havering LDS (2016) and sets out:

- The planning policy documents that Havering have already prepared
- The planning policy documents that Havering intend to produce
- The subject matter and geographical area of each of the proposed documents
- The timetable for the preparation of the documents over the next three years
- The opportunities for the local community and stakeholders to be involved in preparing planning policies by setting out an indicative timetable for the preparation of each document.

The plan making system

The Planning and Compulsory Purchase Act 2004, together with related regulations and Government guidance, introduced a revised planning system based around the Local Development Framework. This has been subsequently amended by the Localism Act, revised Regulations and the National Planning Policy Framework which, amongst other things, refer to Local Plans rather than Local Development Frameworks.

Planning Policy

In March 2012 the Government published its National Planning Policy Framework (NPPF) which sets out the planning policies for England and how these are expected to be applied. Alongside the NPPF, Planning Policy for Traveller Sites was published in 2012 which sets out specific planning policies in relation to Local Plan making and determining planning applications.

The London Plan 2015 (consolidated with alterations since 2011) is the statutory spatial development strategy for London and it forms part of the Development Plan for Havering.

As set out above, Local Development Frameworks are now being replaced with Local Plans. Havering's planning policy documents will include:

- The Havering Local Plan (including Site Specific Allocations Local Plan)
- Supplementary Planning Documents
- Statement of Community Involvement
- Authority Monitoring Report
- Community Infrastructure Levy

3. SCHEDULE OF PLANNING DOCUMENTS TO BE PREPARED

3.1 Overview of documents to be produced

LB Havering was one of the first local authorities to take its borough-wide planning policies through to adoption as part of its LDF (Local Development Framework). The Core Strategy, Development Control Policies, Proposals Map, and Site Specific Allocations were all adopted in 2008. As set out in section 2, Local Development Frameworks have now been replaced with Local Plans.

The Council is now taking forward a new Local Plan which will guide future growth and development within the borough over the next 15 years up to 2031 and will help deliver the Council's new vision 'Havering – Making a Greater London'.

Initial (Regulation 18) consultation was undertaken in early 2015 and a Local Plan Direction of Travel document was published in late 2016. Consultation on the Proposed Submission Local Plan (regulation 19) took place in summer 2017.

A number of evidence base documents have been produced to support the development of the Local Plan. These are listed within section 3.2.

The Council is also progressing:

- a Site Specific Allocations Local Plan which will identify individual sites for specific uses that are intended to assist in delivering the priorities, objectives and strategy set out the overarching Local Plan; and
- a Community Infrastructure Levy which will set the rates for developer contributions towards the cost of supporting infrastructure.

The Council is in the process of reviewing existing Supplementary Planning Documents (SPDs) to determine which ones will need to be retained and updated, those which are no longer needed and any new SPDs that are needed. The Council is progressing a Masterplan for Romford, at this stage it is envisaged that this will be taken forward as a Supplementary Planning Document.

The Council will continue to keep the Conservation Area Appraisals and Management Plans up-to-date. The Romford Conservation Area will be the first to be updated as it is currently on Historic England's Heritage at Risk Register and Romford Town Centre will see a significant quantum of development over the next 15 years.

The Localism Act introduced Neighbourhood Plans that can be produced by designated community forums. The Council has not received any applications to create a community forum and is unaware of any local communities seeking to produce a neighbourhood plan.

An indicative timetable for all document preparation / review is set out in Appendix 3.2.
