

EXAMINATION INTO THE HAVERING LOCAL PLAN

MATTER 12 AGENDA

Infrastructure, Implementation and Monitoring

Please note:

- *All participants are encouraged to familiarise themselves with the hearing statements (and additional evidence) produced by the Authority and other parties in respect of the matters addressed at this session. These are available on the examination website.*
- *The Authority should consider, prior to the hearings, what modifications could be proposed if I were to conclude that the soundness of the Plan would be compromised by the matters discussed at the hearing session.*
- *Further changes to the agenda are feasible prior to the hearing.*

Infrastructure

1. Is there sufficient clarity regarding how, when and where necessary infrastructure will be provided, and by whom?
 - *Compliance with Planning Practice Guidance - does the Plan make clear for the first 5 years what infrastructure is required, who is going to fund and provide it, and how it relates to the anticipated rate and phasing of development?*

Monitoring

2. How would the implementation of the Local Plan be monitored? Would it be effective? How would the results of monitoring be acted upon, for example what would trigger a review of the Local Plan?
 - *Should the monitoring framework contain specific triggers and actions?*
