There have been reported difficulties at Gaynes School regarding access. The school is a Secondary school and therefore remains open which can be difficult to manage. A suitable room, within the school, that can be fully segregated with a separate entrance point is not available.

The following venues have been explored:

Freshfields Residential Home

Little Gaynes Residential Home

Haiderian Medical Centre

Cranston Park Tennis Club

The area around the outside of the Polling District has also been investigated, as well as trying to locate an open space to house a Porto cabin within the Polling District.

Unfortunately no suitable alternative can be found. It is therefore recommended that the School continued to be used as Polling Place. Security Officers will continue to be provided at the venue on Election Day, as well as additional DBS checked staff to assist electors who may have difficulties accessing the premises enabling them to use an alternative entrance.
