Option 1

The first option contains revisions to existing ward boundaries by realigning current polling districts.

The key features to highlight within this option are:

- Electoral equity is achieved within a +/- 10% variance across all wards;
- The Commission’s preferred council size (retaining 54 Members) is achieved;
- Total number of wards remains at 18 (3 Members per ward as per the existing regime);
- Total electorate predicted to be affected by the proposed changes by 2025 is 36,391 (17.42% of borough electorate);
- Ward names remain as is, however there is scope for revision to some wards, most notably Heaton, Pettits, Upminster, Squirrels Heath, and Rainham & Wennington.

Contents

Appendix A – Proposed Borough-wide warding pattern
Appendix B – Proposed borough-wide warding patterns (in multi-colour) with an overlay of existing ward boundaries (marked in red outline)
Appendix C - Electorate forecasts for each ward and variances to warding numbers and boundaries based on the proposed changes
Appendix D - Individual ward ordnance survey maps with street index
### Electoral data

#### Havering

Check your data

<table>

#### What is the polling district code?

#### What ward is this polling district in?

#### What is the current electorate?

#### What is the predicted electorate?

#### Fill in the name of each ward once

#### Fill in the number of councillors per ward

#### These cells will show you the electorate and variance. They change depending what you enter in the table to the left.
